

APPLICATIONS and SCHOLARSHIP INFO

-Our applications are open and have been open. I have seen many students already applied. They can find the link to apply at: <https://www.ulm.edu/admissions/apply.html>

-If a student does Dual Enrollment through ULM, they **DO NOT** have to apply. We automatically roll over that application for them. Our admissions office has already started that, and they will continue in the weeks to come. Your students will receive an acceptance letter just like someone who had to apply that did not have DE.

-For our Academic Scholarships, the last ACT we accept is the December ACT this year. Encourage your students to put us down as a free choice when they sign up for it so that they do not have to pay to send those scores to us later. To accept their scholarship offer with us, they just sign the copy they are mailed and then mail it back to us. If a student makes an ACT score that is in the next tier of scholarships, we will mail them a new offer they have to sign and send back. Signing a scholarship offer does not commit a student to ULM, it just reserves that money with us if they decide to attend. Also, they are automatically mailed a scholarship offer if they have the GPA and ACT when they apply. They do not have to apply for those scholarships separately.

-I am going to attach a tuition fee waiver to this email too for those students who qualify for one.

EVENTS

September 28th: Warhawk Weekend

October 16th: VAPA Day - <https://www.ulm.edu/vapaday/>

November 9th: Browse on the Bayou - <https://www.ulm.edu/browse/>

Campus Tour Link: <https://www.ulm.edu/admissions/hawkseekers.html>

If more information comes out that you should know, I will definitely pass that along to you. As usual, feel free to reach out about anything you might need or have questions about. Have a great weekend!
